

## PROFILE SUMMARY

A data analyst with 5+ years of experience interpreting and analyzing data to drive successful business and management decisions. Proficient in data cleaning, modelling and building interactive visualizations. Proven track records of validating and analyzing large dataset to develop globally adopted metrics, resulting in time, cost and resource savings.

## EXPERIENCE

### Data and Report Analyst

Dangote Cement Plant

October 2016 – Till Date

- Prepare daily report and perform detailed downtime analysis to evaluate performance across various sections and provide insights to support strategic decision making.
- Build interactive and dynamic visualizations to track variations in production performance and communicate insights to stakeholders.
- Perform exploratory data analysis using analytical tools to identify trends, patterns and correlations in order to derive meaningful insights and provide recommendations to optimize operations.
- Train team members for professional growth and skill enhancement.
- Improve report creation by automating daily repetitive task and processes.
- Ensure accuracy, consistency and data integrity by performing constant checks, data validation and reconciliation.
- Collaborate with cross functional team to understand business requirement and provide data driven solutions
- Continuous learning in order to stay up to date with industry best practices, trends and emerging technologies in data analysis.

### Data Analyst

MeriSkill Internship

September 2023 – October 2023

- Interpret and analyze data using data exploratory and statistical techniques to generate insights and trends.
- Query data across database systems using MySQL, PostgreSQL and SQL Server.
- Create dynamic visualizations and dashboards using BI tools to effectively

## EDUCATION

MSc Chemical Engineering  
University of Lagos, Akoka, Lagos  
2013 – 2014

B.Eng. Chemical Engineering  
University of Benin, Ugbowo, Edo  
State, Nigeria.  
2005 – 2010

## SKILLS

Data Visualization tools:

Advanced Excel, Power BI,  
Tableau

Programming: SQL, Python,  
Apache spark

Machine learning: Regression,  
Classification and Clustering

ETL & ELT tools: SSIS & Sqoop

Database Management:

Postgresql, MS SQL, MySQL,  
MongoDB

Cloud Service: Azure

## CERTIFICATIONS

- Certified IBM Machine Learning Professional
- Certified IBM Data Engineering Professional
- Certified IBM Data Scientist Professional
- Certified IBM Data Analyst Professional
- Certified Meta database Engineer
- Microsoft Certified: Power BI Data Analyst Associate.
- Microsoft Certified: Expert in Excel 2016
- Microsoft Certified: Specialist in Excel 2016
