

PROFILE SUMMARY

A data analyst with 7+ years of experience interpreting and analyzing data to drive successful business and management decisions. Proficient in data cleaning, modelling and building interactive visualizations. Proven track records of validating and analyzing large dataset to develop globally adopted metrics, resulting in time, cost and resource savings.

EXPERIENCE

Data and Report Analyst

Dangote Cement Plant

October 2016 – August 2024

- Prepare daily report and perform detailed downtime analysis to evaluate performance across various sections and provide insights to support strategic decision making.
- Build interactive and dynamic visualizations to track variations in production performance and communicate insights to stakeholders.
- Improve report creation by automating daily repetitive task and processes.
- Collaborate with cross functional team to understand business requirement and provide data driven solutions
- Continuous learning in order to stay up to date with industry best practices, trends and emerging technologies in data analysis.

Senior Data Analyst

PJS Global

August 2024 – Till Date

- Analyze manufacturing and financial data to identify trends, patterns, and insights that support business strategies and operational efficiency.
- Develop and maintain Power BI dashboards and reports to visualize key performance indicators (KPIs) and other critical data metrics relevant to manufacturing processes.
- Collaborate with various stakeholders, including finance, production, and supply chain, to gather, process, and analyze data requirements.
- Utilize Microsoft Dynamics (MSD) for data extraction, transformation, and loading (ETL) processes.
- Assist in the development of data models and algorithms to improve data processing efficiency and manufacturing performance.

EDUCATION

MSc Chemical Engineering
University of Lagos, Akoka, Lagos
2013 – 2014

B.Eng. Chemical Engineering
University of Benin, Ugbowo, Edo
State, Nigeria.
2005 – 2010

SKILLS

Data Visualization tools:

Advanced Excel, Power BI,
Tableau

Programming: Python

Machine learning: Regression,
Classification and Clustering

ETL tools: SSIS, DBT

Database Management:

Postgresql, MS SQL, MySQL,
MongoDB

Cloud Service: Azure, AWS

CERTIFICATIONS

- Microsoft Certified: Azure Data Fundamentals
- Microsoft Certified: Azure Fundamentals
- Microsoft Certified: Power BI Data Analyst Associate.
- Microsoft Certified: Expert in Excel 2016
- Microsoft Certified: Specialist in Excel 2016
- IBM Certified: Data Engineering Professional
- IBM Certified: Data Scientist Professional
- IBM Certified: Machine Learning Professional
- IBM Certified: Data Analyst Professional
